

Calling All Volunteers!

For Your Information

Have you ever wondered how many people it takes to run a meet?
Let's Count:

Referee	1
Starter	1
Stroke & Turn Judge	5
Chief Timer	1
Assist. Ch. Timer	1
Lane Timer	18
Lane Recorder	6
Clerk of the Course	1
Marshall	4
Runner	2
Announcer	1

That covers the number of people on deck at one time. Unless these people wish to do this for 8 hours per day, for 2 days, we will need relief for change of shifts! But remember - someone had to organize the

meet beforehand:

Meet Manager	1
Meet Referee	1
Equipment	6

I suppose, if the children swim, we should figure out what their official times are:

Meet Recorder	1
Recording Table/office	8

And I suppose it would be nice to give the swimmers their awards:

Awards	4
Scoring	1

Of course, since these aren't paid positions, the only way we can say "thanks" is to offer food and drink to make the job more comfortable:

Officials' Food	4
-----------------	---

Now, if the host club wishes to do a bit of the never-ending "fund-raising," then they will run a concession:

Concession & Program sales	5
----------------------------	---

When the meet is over and everyone is happily in their cars going home, let's remember the clean-up and tear-down crew - because if we don't leave the pool in good shape, they may not make it available to us next year:

Clean-Up & Tear-Down	6
----------------------	---

Grand Total: 85

Oh No!!! Who is left to take down the club tent?!?!?

This is why summer swimming must have the motto:

If everyone does their part, no one has to do too much.
